Western Music Jul 01, 2013 Diane Park rated it really liked it It was an interesting textbook. Certainly helpful, but all NOT that helpful. The reason being is that this textbook didn't cover enough of European history. Yes, I do realize this is a music history textbook, but history is STILL important. It was an interesting textbook. Certainly helpful but all NOT that helpful. The reason being is that this textbook didn't cover enough of European history.
